WEDDINGS

**PRICING
GUIDE
2023-2024**

LET S GET STARTED

Welcome to our pricing guide! After going through this, you will know more about us, our process, our prices, and your next steps!

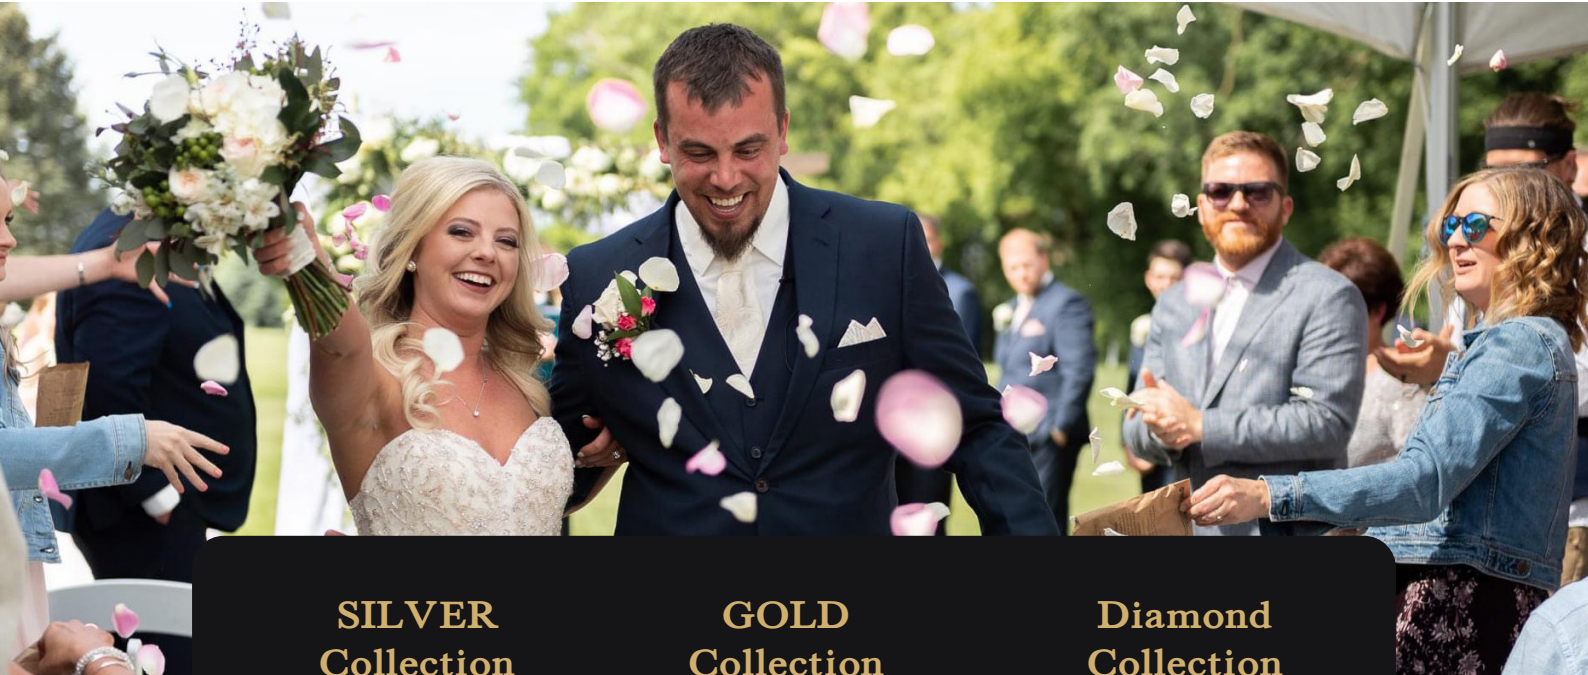

Wedding filmmaking for us means so much more than just making a video of your day. It's getting to know you, laugh with you, probably cry with you, and experience your day WITH you. We just have a camera in our hands instead of a bouquet of flowers. We're there to not just

capture your wedding but to be there for whatever you need; someone to brush off your shoulders, straighten your dress, tell the guys to settle down, and remind you that today is perfect.

We take this seriously, and we have fun doing it. Working with us doesn't mean you just get a videographer, it means you get ToMorrow's Wedding.

WE CAN'T WAIT TO HEAR FROM YOU

Just ask! Likely, if it's something you want done, we are able to make it happen!

FAQ S

Why do you provide all day coverage versus hourly choices?

A lot of vendors charge extra for hours not included in their package. We don't believe in doing this. Mainly because we don't want your budget to dictate how good of a wedding film we make. We want to be there for every moment and try our best not to miss a thing. If your budget didn't allow for 2 extra hours, maybe we miss the groom pulling the most epic John Travolta dance moves at the reception. We know you want to see that for years to come. (:

Do you do destination weddings/elopements?

Yes, we do! These are the BEST! Travel costs apply but we will give you a customized quote to save you the most money we can. These are our favorite weddings to do! (SHH! Don't tell)

How long does it take to get our Wedding Film?

You can expect most wedding films to be finished in about 10 weeks. If you want this done sooner for any reason, we do offer a rush delivery.

What is your payment policy?

We ask for a \$1,500 retainer at the signing of the Agreement. Your initial payment reserves your wedding date and is non-refundable as per the Wedding Film Agreement. The remaining balance is then due 1 week prior to the wedding and can be made in one payment or multiple payments.

What payment types do you accept?

We accept Debit, Credit, Check, or Bank Transfer.

What if we need to reschedule our wedding?

As long as you are able to reschedule to a date that we have free, we will still be there! If it is postponed to a new year, it may be subject to a change in pricing from your original booking.

Do you make backups of the footage?

We make multiple, redundant backups of all of your footage the moment we arrive back at the office. It's the first thing on our list (even before making coffee).

Do you offer weekday pricing?

We offer discounts for Monday - Thursday weddings depending on the time of year. Reach out to find out what we can do for your specific wedding date!

What style of shooting do you use?

We spend most of the day shooting candidly. When shooting "posed" situations, we employ lots of experience to help you feel extremely comfortable. We won't ever place your hand here, move your foot there, but we will more than likely say something like, "I want you to bump into him like a 7th grader flirting with her crush, then hold him like he just brought you Pizza and Wine"

Do we have to wait 10 weeks before we see any videos?

ABSOLUTELY NOT! We create and share a 60 second trailer for your wedding film, usually finished within 2 weeks of your wedding date! If your package includes it and you would like a specific dance, speech, letter reading, or any other small edit, let us know and we can do our best to make it happen!

READY TO SAY I DO?

SO WHAT'S NEXT?

Now is the time to reach back out to us and ask any questions! If all your questions are answered, it's time to tell us you're ready to reserve us for your wedding date!

After you notify us that we are reserving your wedding date, we will schedule an in person meeting or a Zoom video call to go over any last details before you choose your package, ad-ons, sign your Wedding Film Agreement, and make your down payment.

Now, this is the moment when we're trying to hold back our excitement. We can't wait to hear from you!

WE GET TO FILM YOUR WEDDING!!

Sorry. We really are that excited. For real.
